PROFESSIONAL SUMMARY

Infrastructure, **DevOps**, & **Cloud** Engineer with **7 years of experience** in **GCP** Cloud Integration, Middleware, MFT and SOA across banking, healthcare & retail sectors. Proficient in team leadership & individual contributions.

EXPERIENCE

HSBC Bank Apr. 2025 – Present
Senior DevOps Engineer **Bangalore**

- Built **CI/CD** pipelines with **Jenkins** to onboard applications & deploy an scaling them on **Kubernetes** (**Google Cloud Platform**); worked on **Docker** and **K8s** manifests, used helms charts to deploy applications like **BigID** & **Datavisa**.
- Deploying application releases from Development into Production, performing **healthchecks** after release.
- Develop and maintain a working knowledge of trends and standard methodologies on **Confluence**
- Managed infrastructure with **Terraform** (IaC), updating new Windows & SQL server images to resolve violations.
- Set up monitoring, alerting, fixing cloud security violations, renewed web server SSL certificates via **Venafi**, integrated **HashiCorp** with SAML SSO, and optimized cloud costs, Managed version control via Git & GCR.

OCBC Bank Dec 2022 - Mar 2025
Infrastructure Engineer **Singapore**

- Implemented Managed File Transfer Integration **Middleware** Solutions (**MFT**) using **IBM Sterling Suite** & Tectia to enable secure & automated data exchange & led B2B file transfers across **3000+ on-prem** servers.
- Configured integration tools, managed **PGP, SSH, SSL** keys/certs, worked on **SFTP, FTPS, AS2, CD** protocols.
- Designed and deployed Middleware applications that handled **10,000+** daily file transfers in **Linux** & Windows.
- **SOAP** & Restful **API Management** on Tibco for seamless integration, Minimized financial penalties by troubleshooting production issues via analysing server logs, and tools like **Kibana**.
- Designed & implemented **CI/CD** pipelines to onboard & deploy apps on **Kubernetes** using **Jenkins**, & **Docker**.
- Optimised integration & reduced **20% onboarding time** by documenting solutions, SOPs & issues on Confluence.
- Reduced **incident** resolution time by **25%** by proactively managing cyber threats, & issues via **Jira** & **Confluence**.
- Worked with SFTP tools such as **WinSCP**, file-based encryption techniques using tools like PGPx.

Infosys Sep. 2019 – Oct. 2022
Senior System Engineer **Pune**

- Designed & built integration flows on **Middleware Applications** on IBM Sterling Suite like **IBM Sterling Integrator, Sterling File Gateway, Connect Direct,** creating routing channels, configuring templates, adapters, schedulers, mailboxes, while also developing robust **business processes** for data exchanges.
- Onboarded 100+ partners with protocols like **SFTP, FTPS, AS2,** and **Connect:Direct**, interacted with clients to gather requirements, and maintain **communication with stakeholders**, collaborated with different teams.
- Created technical documentation in **Confluence**, conducted KT sessions, led transitions to production, participated in **50+ code reviews**,

EDUCATION

SRM Institute of Science and Technology Aug. 2015 – May 2019
Bachelor of Technology in Computer Science and Engineering | ***First Class with Distinction*** Chennai, India

SKILLS & CERTIFICATIONS

Cloud & DevOps : GCP | GCR | GKS | IAM | Terraform | Ansible | Kubernetes | Docker
CI/CD & Automation : Jenkins | Docker | Shell Scripting | Python | Bitbucket | Confluence | SQL | Kibana
Networking Protocols : SFTP | Connect Direct | AS2 | PGP | HTTPS | FTP | FTPS | TLS | SSL | SOAP
Integration Tools : IBM Sterling Integrator | IBM Sterling File Gateway | IBM Connect Direct | Tectia | Tibco | MQ
Certifications : Devops Foundation | Networking in GCP | IBM Hands-on to Linux-Shell script | Google Skill Labs - Monitoring in Google Cloud, Deploy Kubernetes Applications on Google Cloud, Arcade Base Camp August 2026
